

A long-exposure photograph of a starry night sky, showing concentric circular star trails in shades of blue and white. The trails are centered around a point in the upper left. In the lower left, the dark silhouettes of trees are visible against the horizon.

Discover your place in the **cosmos**

Attend a show at the L.E. Phillips Planetarium.

WHEN

Thursdays, 7 p.m.

During the semester

ADMISSION

\$5 cash

Paid at the door

WHERE

Phillips Hall

Center of the bird museum
